Fundraising Brick

Engraved pavers have become a very popular and effective fundraising project for schools, churches, universities, parks departments and other organizations. Most organizations are selling the engraved pavers for \$50 to \$250 each to raise money for a variety of projects.

There is tremendous appeal to having your name or message in a permanent place for people to see for years to come.

Engraved pavers can display messages, special dates, accolades or memorials on sidewalks or plazas where everyone can read and enjoy them. The engraved information pack includes lettering options, policies, pricing information by quantities, examples of fundraiser solicitations as well as other information including the proper method for listing the names on your list.

Remember, a fundraiser requires several weeks to plan and several months to implement. Allow plenty of time and establish a firm cutoff date for orders to be turned in.

After you read over your engraved information pack call us with any questions. To receive your engraved paver pack with information or to ask questions:
